### DETAILED ACTION

1. Claims 1 and 4-6, as newly presented, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re new claim 1, "the other roller members" lacks clear antecedent basis. If "the other roller members are" were replaced with --each other roller member is--, the claim would be clear in this regard. In line 11, "said roller members" is confusing as the claim as recited might consist of only *one* additional roller member. The terms "its first end" in line 11 and "said distal end" in line 12 lack clear antecedent basis. Finally, "said rollable sheet in the second to last line lacks clear antecedent basis.

Re claim 5, the claim is incomplete as it depends from a canceled claim. As best understood, if the claim were amended to depend from claim 1, the claim would be definite.

Re claim 6, the claim is incomplete as it depends from a canceled claim. As best understood, if the claim were amended to depend from claim 1, the claim would be definite.

2. Claims 1 and 4-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

3. Applicant's arguments with respect to the rejected claims have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3612

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
